PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

Vol. 45 CONTENTS 2002

No.1, January - February

PHYSICAL SCIENCES

Air pollution in Peshawar (rate of dustfall)
Farid U Khan, B Shakila, Ejaz G Ghauri and M Ahmad (Pakistan) 1

Colorimetric determination of paracetamol in raw material and in pharmaceutical dosage forms
C O Usifoh, S A Adelusi and R F Adebambo (Nigeria) 7

Assessment of the physicochemical status of a textile industry's effluent and its environment
E I Adeyeye and O O Ayejuyo (Nigeria) 10

Determination of some heavy metals in *Oreochromis niloticus, Clarias gariepinus and Synodontis* spp from the coastal water of Ondo State, Nigeria
S S Asaolu (Nigeria) 17

Synthesis of some novel 5(1'-Arylpyrazol-4'-yl) 1, 3, 4-oxadiazoles
Sabiha Rashid and Misbahul Ain Khan (Pakistan) 20

Short Communications

Flame-atomic absorption spectrophotometric determination of trace metals in urine
A A Adeniyi and I K Olawoore (Nigeria) 23

Screening of heterocyclic compounds as antibacterial agents. *I.* Some pyrazole-4-carboxaldehyde derivatives
Misbahul Ain Khan, Qaiser Iftikhar Sheikh, Irshad Ahmad and Hameeda Bano Sial (Pakistan) 26

Solvation property effect on crystallization through cooling
Nayeemuddin, S Naeem Mahmood and Farzana Azmat (Pakistan) 27

BIOLOGICAL SCIENCES

Chemical composition and functional properties of the African locust bean *(Parkia biglobosa)* seeds
E I Adeyeye, K O Ipinmoroti and M O Oguntokun (Nigeria) 29

Catalyzed organosolv pulping of sunflower *(Helianthus annus)* stems by lower aliphatic organic acids
Tanzil Haider Usmani, M Tahir, M Aleem Ahmed and M A Damani (Pakistan) 34

Effect of different soaking and cooking methods on physical characteristics, phytic acid content and protein digestibility of red kidney beans
Zia-ur Rehman, A M Salariya and S I Zafar (Pakistan) 41

Laboratory studies on neem kernels and leaves as wheat protectants
Shams Zahoor, Roshan A Qureshi, Shakira Quadri, Zamir Ahmad and Yazdana M Rizki (Pakistan) 46

Laboratory studies on neem kernels and leaves as wheat protectants
Shams Zahoor, Roshan A Qureshi, Shakira Quadri, Zamir Ahmad and Yazdana M Rizki (Pakistan) 46

Effects of zinc, nitrogen and variable temperatures on seedling growth of wheat
S M Alam, R Ansari, M A Khan and M Ali (Pakistan) 50

A holistic approach to the conservation of the Indus river dolphin *(Platanista minor)* (Owen, 1853)
Ghulam S Gachal and F M Slater(Pakistan) 53

Effect of leaf extract on stylet bearing nematodes and on growth parameters of two wheat varieties
Aly Khan, Fatima Qamar, Tasneem Ali and Yazdana M Rizki (Pakistan) 59

TECHNOLOGY

Improvement in beneficiation of low grade fluorite ore from Kalat Maran range
R A Gohar, K R Kazmi, A Hafeez and Shafique Anwar (Pakistan) 63

No. 2, March - April

PHYSICAL SCIENCES

Synthesis of some new pyrimidine derivatives incorporated into other heterocycles for biological evaluation
Afaf H El-Masry (Egypt) 69

An overview of incorporation of dolomite in glass and refractory
Muhammad Rafique, Muhammad Yusuf and Bakht Bahadur Rana (Pakistan) 76

Behaviour of Lakhra lignite in atmospheric fluidized bed combustion (AFBC)
Ismat Ali, M A Basit, M Mohsin Ali and A Rasheed Khan (Pakistan) 79

Adsorption behaviour of citric acid from aqueous solutions on activated charcoal
A Rasheed Khan, Fahim Uddin and S Zaka Ahmed (Pakistan) 82

Influence of Bela ophiolite on trace element composition of Jurassic and Cretaceous carbonate rocks of Phuari area Balochistan
Saleem Uddin, Shahid Naseem, Shamim Ahmed Sheikh and Seema Naz Siddique (Pakistan) 86

Short Communications

Formation of some transition metal complexes of G-D oxime in solid state and in solution
M E M Emam (Egypt) 92

Iodine distribution in some Nigerian fishes
S S Asaolu and M F Asaolu (Nigeria) 95

BIOLOGICAL SCIENCES

Induction elicitation of contact sensitivity in mice due to prohapten
L Khan, R J Schmidt, S N Gilani, N Shafi and K D Ahmad (Pakistan) 97

Effect of nitrogen, copper and magnesium fertilization on yield and nutrition of rice
A T M A Choudhury and Y M Khanif (Malaysia) 102

The inorganic phosphate contents in the muscles of some teleosts of different feeding habits in the Red Sea
Taha A Kumosani (Saudi Arabia) 108

Heavy metal concentration in marine sediments and vegetation (*Caltha palustrvis*) from River Ramos in Bayelsa and Delta States of Nigeria
Godwin E Nwajei (Nigeria) 111

Effect of ensiling time on the quality of banana peelings and pea pod silage
A H K Niazi, Sakhawat Ali, Tasnim Kausar and S I Zafar (Pakistan) 114

Wheat yield and phosphorus use efficiency as influenced by method of phosphorus and zinc application
S M Alam, A Latif and Zafar Iqbal (Pakistan) 117

Evaluation of herbicides for potato sprout suppression activity
M O Oladimeji (Nigeria) 120

Wheat flour preservation by means of packaging and its statistical evaluation
A D Khan, Nusrat Ejaz, M Yasin, Naheed Abdullah and Akmal Javed (Pakistan) 124

Short Communication

Intensity of phytonematodes in citrus orchards of North West Frontier Province and their control through indigenous nematicides
S A Khan, F Qamar, H A Khan, Azam H Shah and Y M Rizki (Pakistan) 130

TECHNOLOGY

Spectroscopic studies of fluorescent complexes of tyrosine-8-hydroxyquinoline and tyrosine-8-hydroxyquinaldine in aqueous phase
M A Jakhrani, T G Kazi, G H Kazi, M H S Wattoo and S R Sahito (Pakistan) 133

APMP intercomparison of DC voltage standard at NPSL Islamabad
Jamil Ahmed Chaudhry, Farooq Ahmed Khan and M Masood Pervaiz (Pakistan) 140

No. 3, May - June

PHYSICAL SCIENCES

Soil moisture measurement by soil impedance measuring meter: laboratory calibration and field evaluation
M Mahmood-ulHassan (Pakistan) 145

The variation of calcium, magnesium, sodium, potassium and bicarbonate concentration, pH and conductivity in groundwater of Karachi region
Arif Zubair and Syed Ikramuddin Ali (Pakistan) 151

Plant growth stimulation by lignite humic acids. *Part-1.* Effect of ammonium humate on the growth of wheat
Surriaya Mir, Y Z Abbasi and A Rasheed Khan (Pakistan) 157

Metal complexes of nickel, palladium and platinum with pyrazolyl pyridine
Karamat Mahmud, Misbahul Ain Khan and Muhammad Zafar Iqbal (Pakistan) 161

Renewal process of pH-distributions with dual problem
Mir G H Talpur, A Fazlani, Syed A N S Hussani and Raja M Ilyas (Pakistan) 165

Salt Effects in the kinetics of reaction between iodide and bromate ions
Fahim Uddin and Hajira Tahir (Pakistan) 168

Short Communication

Investigation of induced secondary metabolites in response to various treatment of elicitor obtained from *Hypnea musciformis* (Red algae)
Fatima Bi and Seema Iqbal (Pakistan) 172

BIOLOGICAL SCIENCES

Studies on the cultivation and introduction of sandalwood (*santalum album L*) at Karachi, Pakistan 24°59°'N 68°56'E
Abid Askari, M S Solangi and S I Ahmed (Pakistan) 174

Influence of multiple taker-in-system upon tensile parameters of cotton yarn
Sheikh Muhammad Nawaz, Babar Shahbaz, Nasrullah Khan (Pakistan) 178

Comparative ecological study of phytoplankton of Bakar and Phoosna Lakes-Pakistan
M K Leghari and M Y Leghari (Pakistan) 182

The quarantine control and the methods of disinfection of tomato and cucumber seeds in different regions of Russian Federation
F K Alimova, N G Zakharova, Mako Ghulam Asghar, A N Fattahkova and A V Garusov (Russia) 191

Stability of aflatoxins in naturally contaminated pistachio nuts incorporated in some local sweet dishes of Pakistan
Zuzzer A Shamsuddin, Mansoor A Ahmad, Mobeen A Khan, Aftab Ahmed and Mehtab Rana 197

Preliminary experiments on development of a technology for citrus waste utilization. *I.* Potential nutrients of pakistani sweat orange products
Nizakat Bibi, M A Chaudry, Zahid Ali, Daulat Khan and Abdus Sattar (Pakistan) 202

Application of biowaste materials for the sorption of heavy metals in contaminated aqueous medium
Asma Saeed, Muhammed Iqbal and M Waheed Akhtar (Pakistan) 206

Short Communication

Mechanism of monocarpic senescence of *Trichosanthes dioica* Roxb
Ashis Ghosh (India) 212

TECHNOLOGY

A Feasibility study for the use of molecular markers (RAPDS) for salinity tolerance
Asif Ali Khan, A B Tomestt and Thomas McNeilly (Pakistan) 213

No. 4, July - August

PHYSICAL SCIENCES

Synthesis and anticonvulsant activity of 2-substituted-5-chlorobenzoxazole
Abdel-Ghany A El-Helby(Egypt) 219

Terminal solid solubility of Gd in Fe
S Atiq,R D Rawlings and D R E West(Pakistan) 226

Flocculation characteristics of polyacrylamide-sodium carboxyl methyl cellulose graft copolymer
Kevin I Idehen(Nigeria) 228

Electrical properties of thermally evaporated indium telluride thin films
M Saeedur Rahman Khan and M Rejwan Ali(Bangladesh) 233

Mechanics of low temperature crystallization and related considerations
Nayeemuddin,S Naeem Mahmood and Farzana Azmat(Pakistan) 237

Short Communication

Synthesis of 2,3-Di(Quinol-8-yl)6-methylquinoxaline
Seniz Kaban and Nasir Ansar(Pakistan) 243

BIOLOGICAL SCIENCES

Fungicide residues in apple and citrus fruits after post harvest treatment
Zahida Perveen and S Z Masud(Pakistan) 246

Microbial side chain degradation of progesteron. *I.* Optimization of the transformation conditions
Nehad Z Adham,Osama M El-Tayeb,Abdel-Gawad M Hashem,Heba A El-Refai and Lotfy A Sallam(Egypt) 250

Preliminary screening of laxative effect of cumin seeds in rats
Z A M Nworgu(Nigeria) 256

Post harvest preservation of fruits and vegetables;Study on carrots preserved by modified atmosphere packaging(MAP) technology
Kamran Nadeem and Azhar M Syed(Pakistan) 259

Status of the cardiovascular system of the fish*(Oreochromis mossambicus)* after detergent treatments
Taha A Kumosani(Kingdom of Saudi Arabia) 262

Oviposition preference of *Scirpophaga incertulas*(Walker) on different varieties of rice under caged condition
Md Shahjahan(Bangladesh) 267

Plant growth stimulation of lignite humic acid .*Part II.* Effect of lignite derived ammonium humate on wheat *(Triticum aestivum-v)* crop using different levels of phosphate fertilizer
A Rasheed Khan and Surriaya Mir (Pakistan) 273

Phytosociology of Mai Dhani hill near Mazaffarabad, Azad Kashmir. *II.* Winter vegetation
Ghulam Dastagir and Imtiaz ul Haq 277

TECHNOLOGY

Evaluation of efficacy of formalin treated *Mycoplasma gallisepticum* vaccine in broiler chickens
Rozina Anwar and M Altaf Khan (Pakistan) 284

No. 5, September - October

PHYSICAL SCIENCES

Plant growth stimulation of lignite humic acids. *Part-III:* Effect of ammonium humate on seed cotton yield and fiber quality
A Rasheed Khan and Surraiya Mir (Pakistan) 291

Quantitative assessment of nitrogen and phosphorus contents in Hyderabad city sewage and Fuleli canal water
V K Dewani, I A Ansari and M Y Khuhawar (Pakistan) 295

Separation of mixture of *m*-cresol and *p*-cresol by dissociation extraction
A S Ahmed, M Akhtar, M Y Shaheen and F Taj (Pakistan) 302

Interatomic potentials and the dipole moment of the cadmium forbidden ($5^3P_2 \rightarrow 5^1S_0$) transition for the Cd_2 system
G D Roston and M S Helmi (Egypt) 308

Study on waste waters of metal finishing industries around Lahore metropolitan area
Izhar-ul-Haque Khan, Fayyaz Mahmood, Shahid Tufail and Mustansar Naeem (Pakistan) 312

Short Communications

The dissolution kinetics of single superphosphate fertilizer
E O Olanipekun (Nigeria) 318

Synthesis of 3, 5, 7, 3′-tetramethoxy-4′-hydroxy-8-C-prenylflavone
M Amzad Hossain, A K Das, M A A Sikder and S M Salehuddin (Bangladesh) 321

Kinetic study of reduction of bis(pentane-2, 4-dionato) diaquo manganese (III) complex with sodium thiosulphate
M Akhyar Farrukh and Iftikhar Imam Naqvi (Pakistan) 324

BIOLOGICAL SCIENCES

Evaluation of short term toxicities induced by ginger oleoresin
Shahnaz Ahmad, Nighat Afza, Atiq-ur-Rahman, Shamim Qureshi and Yasmeen Bader (Pakistan) 327

Further observations on metacestodiosis in Black Bengal goat in Bangladesh
M A Alim, M K Islam, M M Rahman, M A H N A Khan and M M H Mondal (Bangladesh) 330

Hypocholesterolaemic effect of leaf protein concentrate (LPC) on blood cholesterol of rats and poultry
Sakhawat Ali, Tahira Firdos, W H Shah and F H Shah (Pakistan) 334

Phytochemical and antimicrobial screening of the leaf and root bark extracts of *Calotropis procera (AIT)*
F Tahir and F M Chi (Nigeria) 337

Microbial contamination of pharmaceutical products in a tropical environment
I F Obuekwe, A O Ogbimi and C O Obuekwe (Nigeria) 341

Effects of magnesium fertilization on rice yield and magnesium and potassium uptake by rice at variable applied potassium levels
A T M A Choudhury and Y M Khanif (Malaysia) 345

Moisture determination of agricultural crop *(Capsicum annum)* by microwave energy
Ibiyinka A Fuwape (Nigeria) 350

Anti-inflammatory activity of *Solanum nigrum and Solanum tuberosum* in albino rats
G S Sarma, K R L Anand Swaroop and Ch Krishna Mohan (India) 353

TECHNOLOGY

SOEPP-a subroutine oriented environment of parallel programming
Mohammed Yaqub, S. Shakil Ahmad and Qameruddin Shaikh (Pakistan) 355

No. 6, November - December

PHYSICAL SCIENCES

Potentials of polyacrylamide-sodium carboxymethyl celluose graft polymer as flooding material in enhanced crude oil recovery
K I Idehen (Nigeria) 363

Study of $\bar{I}/C\bar{l}$ and $B\bar{r}/C\bar{l}$ ion exchange equilibria on Lewitat M500 chelating resin
S A Khalil and M B Omar (Libya) 367

High performance liquid chromatographic determination of hydrazine in water using 2-hydroxynaphthaldehyde as derivatizing reagent
M Y Khuhawar, A D Rajper and F M A Rind (Pakistan) 371

Kinetic study of the salt effects on the rate of reaction between monochloro acetate and thiosulphate ions
Fahim Uddin, Hajira Tahir and Abida Khatoon (Pakistan) 375

Effect of electrolyte on ionic interactions of dilute solution of poly (vinyl alcohol) at different temperatures
A Rasheed Khan, Fahim Uddin, Rehana Saeed and Wajiha Qureshi (Pakistan) 378

Short Communications

Catalytic activity of Pakistani clay minerals for Friedel-Crafts alkylation of benzene and naphthalene
A Ehsan, Abdul Mannan Ehsan, Farhat Jamshed and Izharul Haq Khan (Pakistan) 383

Analysis of selected nutrients of wines obtained from felled palm tree
F O Abulude and L Lawal (Nigeria) 386

BIOLOGICAL SCIENCES

Sunflower-summer legumes intercropping systems under rainfed conditions: economic analysis
Rashid Ibrar, Shahbaz Ahmad and M Azim Malik (Pakistan) 388

Proximate composition and meat quality studies of some edible fauna
Abdus Salam,Saima Unbreen and Muhammad Ali (Pakistan) 391

Physicochemical changes during storage of ultra high temperature processed whole and skimmed buffalo milk
Zia-ur-Rehman, A M Salariya, Farzana Habib and S I Zafar (Pakistan) 394

Propagation of locally isolated *Bacillus thuringiensis* (CAMB 3-023) for the production of spore-crystal protein in shake flask
A U Zafar and S Riazuddin (Pakistan) 400

Allelopathic effect of seed of sweet clover *(Melilotus indica L.)* and NaCl on germination and seedling growth of rice
S M Alam, S A Ala , A R Azmi and R Ansari (Pakistan) 404

Relative performance of F_1 and F_2 intrahirsutum hybrids for some quantitative traits in upland cotton
Mohammad Jurial Baloch (Pakistan) 407

Short Communications

Effect of grey leaf spot on oil content of rapeseed and mustard
S Jawad Ahmad Shah and Iftikhar Ali (Pakistan) 412

In vivo **changes in the activity of (Gill, Brain and RBC) AT Pases from *Oreochromis mossambicus* as a response of enviromental temperatures**
T A Kumosani (Saudi Arabia) 413

Properties of natural rubber composites activated with unsaturated systems
B F Adeosun (Nigeria) 415

TECHNOLOGY

Modification of RTV silicone
N A Ramadan, A M M Saleh and M M K Fouad (Egypt) 417
